

Session 3rd

No 12

Date 15-10-2018

Department Law

Adjournment motion

The Educational Testing and evaluation authority (ETEA) test for admission to medical colleges of KP has been most controversial this year.

The first test was cancelled because of insufficient arrangements the second was

cancelled as the paper was leaked. The third scheduled test was also postponed citing inclement

weather. Students are alleging that even the final test conducted was full of anomalies

This situation has been causing most concern amongst the

people in general
and students in
particular. There are
question marks on
the competence of
ETEA. This issue
should be brought
to assembly.
