

CALL ATTENTION NOTICE

I want to draw the attention of Minister for Health towards a matter of urgent public importance that the Government of Khyber Pakhtunkhwa had been granting/allocating Rs. 100 million and Rs. 70 million since 2013 to Kidney Centre for patients of kidney transplant and dialysis respectively. The said amount has now been stopped by the Government for unknown reasons. Therefore, the Government is requested to take immediate steps to restore the funds to mitigate the suffering of the patients.
