EMPANELMENT OF HOSPITALS

- The Organization shall enter into contracts with selected public and private Healthcare providers/hospitals for the provision of Health Insurance Services to the beneficiaries of the Programme. Detailed plan would be submitted within 30 days after signing of the agreement.
- The Organization shall conduct a detailed assessment of the Healthcare providers/hospitals based on the assessment criteria provided by the Health Department and recommend a list of qualified hospitals for empanelment to the Steering Committee for final approval.
- Contracts with healthcare providers shall include predetermined package/service rates for services. Range of rates shall be approved by the Coordination Committee and shall be reviewed time to time.
- Health Insurance Services to the beneficiaries will be offered within the districts; however, in case of non-availability, the beneficiaries may avail the same services in the empanelled hospitals of other districts after formal referral process.
- In case of emergency or in a situation where the beneficiary is residing in the district other than the domicile district, Health Insurance Services may be availed from any nearest empanelled hospital in Pakistan.
- Complicated cases or procedures which are not treatable at district level empanelled hospitals, shall be referred and treated at tertiary level empanelled hospitals available anywhere in the Province or Country
- The Organization shall take due diligence to control pilferage in procedures having the potential of moral hazards, especially Appendectomy, Tonsillectomy, Septoplasty, SMR, C-Section and Hysterectomy.
- Based on justified reasons Organization may suspend services of a panel hospital with intimation to the PMU. The PMU/Coordination Committee shall review the case of suspension of services and decide whether the Health Insurance Services be resumed or the hospital be recommended to the Steering Committee for removal from the program's panel.
- The Health Department shall provide the list of healthcare providers registered with the Health Care Commission and empanelment criteria for the assessment of the hospitals. Only those healthcare providers who are registered with the healthcare Commission shall be considered for empanelment under the Programme. The healthcare providers shall be assessed and empanelled by the Organization on the basis of criteria provided by the Health Department.
- The number of healthcare providers to be empanelled under the programme would be decided by the Coordination Committee taking into account the empanelment criteria, quality of services and cost benefit analysis.
- The Health Department reserves the right to review the empanelled hospitals and recommend their findings to the steering committee accordingly.
- The Steering Committee shall grant final approval of the recommended hospitals for empanelment as the healthcare providers.
