

CALL ATTENTION

I want to draw the attention of the August House to an urgent issue of public importance that under the prevailing law the Provinces receive 10% in heads of Royalty from the Federal Government on gas, Hydle, Tobacco cess and Oil, the Provinces then give 10 % of the amount to the concerned districts for running various projects of public welfare.

Mr. Speaker but unfortunately, the province does not give 10% of the amount received from the Federal Government to the concerned districts, rather the Finance Department use such amount for other purposes, which is a sheer injustice to the public of the concerned districts.
