KHYBER PAKHTUNKHWA PUBLIC SERVICE COMMISSION**MEMORANDUM**

Mr. Governor,

I am honored to present the Annual Report of the Khyber Pakhtunkhwa Public Service Commission (KPPSC) for the year 2024. It is a privilege to be part of an institution that steadfastly upholds the principles of merit, transparency, and fair play in its recruitment and selection processes. The role of KPPSC in providing high-quality human resources to the Provincial Government is pivotal, as it strengthens the backbone of the government machinery, by equipping the departments with the human resource necessary to carry out their functions. Dedication of the Commission to merit-based recruitment has ensured the selection of most qualified candidates for the Provincial Government.

2. Throughout the year, the KPPSC has worked tirelessly to provide the Provincial Government human resource necessary to drive progress and development. During the year under report, the Commission processed requisitions of **1187** posts by disposing off **146357** applications and interviewed **6120** wherein **992** candidates were recommended to the Govt. for appointment. **195** posts remained leftover mainly due to non-availability of eligible candidates. (Details are at **Appendix-B**).

3. Similarly, the Commission advertised **1691** posts in different pay scales for the Provincial Government departments and Attached Departments for which **39,225** candidates applied. Out of the total advertised posts, **47** posts were advertised for special quotas i.e., Female Quota: **16**, Minority Quota: **24** and Disable Quota: **7**. (Details are at **(Appendix-C)**).

4. The Commission conducted **115** Ability Tests for **86361** candidates against **761** posts. Moreover, two competitive examinations one for the post of Civil Judges-cum-Judicial Magistrate in Peshawar High Court and second for the post of Provincial Planning Service (PPS) in Planning and Development department, were conducted for **8984** candidates during the year. Details may be perused at **(Chapter-V)**.

5. The Commission remained a party in **570** litigation cases of different nature in various courts of law. During the period, a total of **122** cases were decided, out of which **102** cases were decided in favor of and 20 cases against KP PSC. In the year under report, **171** new cases were filed against the Commission in different courts of law. On 31st December 2024, a total of four hundred and forty eight (**448**) cases were pending as per details given in **(Chapter-VI)**.

6. The Commission finalized the recruitment of Provincial Management Service (PMS) in Establishment and Administration Department. For the first time in the Commission's history, requisition with highest number of candidates for the post of PMS i.e. 33457 was finalized. The process was completed in February, 2024 by sending the recommendation of **85** PMS Officers to the Provincial Govt.

7. In the year, the requisition of **84** posts of Civil Judges-cum-Judicial Magistrate/ Alaqa Qazi in Peshawar High Court was also finalized. The competitive exam for the post was held in January, 2024 while its result of written part was announced in June, 2024. Final interview, preceded by a Psychological Assessment of the candidates, was held on August 18th and 19th, 2024 where only 10 candidates were found suitable and thus recommended to the Govt. for appointment.

8. I am pleased to share that the proposal of the Commission regarding holding of screening test prior to syllabus-based competitive examinations was approved by Government of Khyber

Pakhtunkhwa on 29th November, 2024. This development is a culmination of the Commission's efforts, which began with the submission of suggestions and recommendations for the re-introduction of the screening test in October 2022, accompanied by a comprehensive justification. These proposals were reiterated in the Annual Report 2022 as well. The re- introduction of the screening test policy before written competitive examinations thus resolved one of the outstanding issues of the Commission faced since 2022.

9. The Commission holds its meetings periodically where issues obstructing its smooth functioning are discussed. Candidates' centric approach is always used while formulating rules and policies. In the year, five Full Commission meetings were held where important decisions were taken and various beneficial steps were taken in the interest of public, interalia, updation of online application form and Departmental Permission Certificate, payment of online application fee through banking app etc.

10. To bring the recruitment mechanism in line with the changing environment especially in the field of technology, the Commission updated its Online Application Form. More changes and additions were made to the application form for the convenience of candidates as well as for the Commission itself. Candidates are required to fill in all mandatory columns in the application form. Applications of only eligible candidates are then processed. The Commission intends to conduct scrutiny of documents of applicants online, thus candidates will be required to upload all educational and other necessary documents online which will cut short the time taken manually.

11. The Govt. took a significant step to resolve public issues by launching a new grievances redressal mechanism under the name of "Ekhtyar Awam Ka". The Commission, in compliance of the Govt. policy started to address the grievances of the candidates using this forum. The portal will ensure rapid implementation of Government agendas and decisions.

12. I would like to thank the Government of Khyber Pakhtunkhwa for approving Rs.18 million for the project of procurement of mobile detectors and metal detectors. In the Annual Report-2023, the Commission suggested for a project costing Rs.75 million for purchasing handheld cell phones detectors and metal detectors after a threadbare discussion in the meeting with the Information Technology (IT) Board and National Radio and Telecommunication Corporation (NRTC) to prevent organized cheating by mafia in the market. The Provincial Cabinet in its Meeting held on 06th May, 2024 approved Rs.18 Million as additional grant for the 1st phase of procurement of handheld cell phones detectors and metal detectors during the financial year 2024-25.

13. Having shared the performance of the KP PSC, let me point out some outstanding issues which are still faced by this Institution while selecting human resources to the Provincial Government.

14. The appointment of the Members of the Commission was delayed. In the year under report, three Members completed their tenure and no new Member was appointed in the Commission. Consequently, the recommendations statistic became lower as compared to the previous year. In the last quarter of the year, the process of interview was carried out by three parallel panels. At the end of the year under report, no new Member was appointed thus the composition of panels was decreased from 11 to 6 Members.

15. On 22nd April, 2024, the Provincial Government transferred the services of Secretary PSC and his replacement was not provided. As a result, the institution was run throughout the year without the services of the Secretary. In the absence of a regular Secretary, Chairman PSC performed as the Secretary of PSC.

16. The Commission proposed in its previous Annual Report that the status of the Commission may be declared as an Attached Department of the Establishment and Administration Department as provided in the Rules of

Business in 1985. The Govt. resolved this longstanding issue by declaring the status of the KP PSC as “Attached Formation of the Establishment Department” on 27th December 2024. About 300 plus officers/officials of the Commission, having non-transferable services reside in rented house. In the era of sky rocketing prices and high inflation, the staff is not in a position to find houses in the available house rent, and like other Government Servants, deserve to be provided with official accommodation.

17. Another soaring issue still prevailed that hinders the smooth functioning of the Commission is that the low remuneration rates for the services of the Examiners, subject specialists, paper setters, paper checkers and invigilating staff in the selection process and conduct of examination. The rate for remuneration was fixed in 2017 and even after 7 years, no enhancement has been approved by the Govt. Consequently, the Commission faces difficulties in attracting quality professors for paper setting and checking. In most of the cases, professors refused to undertake such sensitive services to the Commission as it pays lowest remuneration in Pakistan for such services. The Federal Public Service Commission and All the provincial service commissions have enhanced the rates of such remuneration. KP PSC in its Annual Report, 2023 suggested enhancement of remuneration with full justification. The Govt. formed a Ministerial Level Committee to discuss this issue which has not been resolved despite conducting several meetings.

18. Lack of financial autonomy and power of re-appropriation, makes it difficult for the Commission to smoothly arrange and conduct tests and examinations.

19. All employees of the KPPSC, except Chairman and Members are getting Public Service Commission Allowance @ 20% of mean of Basic Pay Scale 2016 since 01.07.2016. The national pay scales have been revised w.e.f 01.07.2017 and again on 01.07.2022 but the KPPSC allowance, being

fixed on mean of the time scale of 2016 was not enhanced. The Commission requests that the KPPSC Allowance of the KPPSC employees may be enhanced from 20% of the mean of 2016 pay scales to 50% of the mean of 2022 pay scales. The case has been submitted to the government on 01/08/2023.

20. In conclusion, I would like to express, on behalf of the Khyber Pakhtunkhwa Public Service Commission (KP PSC) our sincerest gratitude to the Provincial Government for their unwavering patronage of our institution. We also extend our deepest appreciation to the advisors and subject specialists who have assisted the Commission in its viva panel, ensuring that the most suitable candidates are selected for each position. Furthermore, we acknowledge the remarkable contributions of paper setters and checkers, whose diligent efforts have been instrumental in the examination process. Additionally, we are grateful for the invaluable support provided by the principals of colleges, schools, and other institutions, who have generously offered logistical and human resources to facilitate the conduct of examinations. Lastly, I would like to express my gratitude to the Provincial Government for the trust that has been reposed in me as a Chairman of this esteemed institution.

Thanks!

FUNCTIONING OF THE COMMISSION

7. The Commission holds its meeting periodically where important issues are discussed and a durable solution is sought for. It adopts a democratic mechanism in the formulation of policies where rules, regulations, SOPs are framed by consensus or majority decision of the Members. No personal or regional interest effects the policy decisions of the Commission.

The Commission steadfast in its commitment to the basic principle of 'render trust to whom they are due'. In pursuit of excellence, it seeks to identify talent and potential, rather than making judgments based on physical appearances. Candidates are required to demonstrate their fitness for the position, and the Commission's selection process is designed to assess their abilities and intelligence. The Commission adheres to a merit- based selection process, where candidates are chosen solely on the basis of their qualifications, skills, and performance. This approach ensures that every candidate is given a transparent and equal opportunity to showcase their abilities and those selections are made without prejudice or favoritism.

The examination process conducted by the Commission is characterized by professionalism and accuracy. The paper setting and evaluation/assessment processes are carried out with utmost confidentiality, ensuring the integrity and security of the examination. To achieve this, the Commission engages the services of seasoned professionals who possess extensive experience in their respective fields, a proven track record of honesty and integrity, and a demonstrated ability to maintain confidentiality and uphold the highest standards of professionalism. These experts are entrusted with the critical task of assessing and evaluating the answer sheets of candidates, ensuring that the evaluation process is fair, transparent, and free from bias.

Candidates who are shortlisted in the examination process are required to appear before the Commission for an oral examination, also known as a viva voce. This assessment is conducted by a panel comprising at least two Members of the Commission, a subject specialist, typically a Professor or Associate/Assistant Professor from a university, and a departmental representative who holds a position at least one grade senior to the post for which he/she gives valuable advices. The evaluation mechanism employed at this stage is designed to ensure fairness and transparency. Each panelist awards marks to the candidate at the conclusion of the interview, and the average marks awarded by the panel are credited to the candidate. This consensus-based approach is intended to prevent favoritism and ensure that the evaluation process is impartial.

In cases where a candidate is a relative of a Commission Member or advisor, the Member or advisor is required to recuse themselves from the interview process for that particular case, in order to maintain the integrity and impartiality of the evaluation process.

Members of the Commission, besides recruitment/ selection of candidates play important role in selection process of the public sector universities. Being member of Selection Board of the universities, the Commission also ensures merit and fair play in selection processes of the teaching faculty and administrative officers of the public sector universities of the Khyber Pakhtunkhwa.

The legitimacy of the Institution is always based on public trust. It will keep up to the expectation of the public as well as government and will not allow anyone trying to erode the trust reposed in the Institution.

CHAPTER-III

ADMINISTRATIVE ACTIONS

CHAPTER – III

ADMINISTRATION

The Khyber Pakhtunkhwa Public Service Commission (KP PSC) recognizes the importance of fostering an environment where stakeholders can freely express their opinions, thereby enriching the decision-making process. Having due regards for the view of the participants, keeping in view their long professional career and experience, indeed boost the performance of the institution. In line with this approach, the Commission adopts a collaborative mechanism for policy decisions, convening Full Commission Meetings to address emerging issues. These meetings provide a platform for consensus-based or majority-driven decision-making among Members, ensuring that Rules, Regulations, Policy Decisions, and Standard Operating Procedures (SOPs) are formulated through a transparent and inclusive process.

To ensure the integrity and coherence of the regulatory framework, the Commission employs a holistic approach when introducing amendments to the Regulations. This meticulous process safeguards against ambiguity, incompatibility, inconsistency, or contradiction among different provisions, thereby preventing potential manipulation, misuse, or abuse.

In 2024, the Commission held five Full Commission meetings, which facilitated discussions on key issues and led to the development of important initiatives, decisions, and amendments to the KP PSC Regulations:-

1. REMOVAL OF ANOMALIES IN THE SERVICE RULES OF THE REQUISITIONING DEPARTMENTS

The Commission constituted an investigative committee to identify the bottlenecks that contribute to delays in the selection process. Upon thorough examination, the committee pinpointed one of the primary causes of delay: anomalies and deficiencies in the service rules of the requisitioning departments. It was observed that numerous departments continue to operate under outdated service rules, which have not been revised to reflect the emergence of new subjects and disciplines in the education sector. As a result, the Commission is compelled to engage in protracted correspondence

and advocacy efforts to persuade departments to clarify and modify their service rules. This prolonged process exhausts the Commission's resources and energy at the outset of the selection process. A notable example of this challenge is the out-dated service rules of the Elementary & Secondary Education Department, which delayed the advertising process for 157 Male and Female History-cum-Civics posts by two years.

Similarly, the Commission identified many requisitions of various departments that need to be revised/ updated for early completion of the recruitment and selection processes. The Complete requisition in all respect is in the interest of both department and KP PSC. Consequent upon the recommendation of the Committee and endorsement in Full Commission Meeting, Establishment and Law Departments were requested through a official letter on 19th September, 2024 to direct all Provincial departments/ attached department to review and update their respective service rules for early finalization of the selection process.

2. A STEP TOWARDS DIGITALIZATION

The Commission recognizes the importance of information technology in recruitment and selection process. To this end, a committee comprising Members and IT experts was constituted to explore the applications of information technology in streamlining the recruitment process. Keeping in view its pros and cons, the Committee came up with innovative suggestions including uploading educational documents in candidates' online profile. The online accounts was made user friendly and all the bottlenecks in the submission and processing of the application form were removed.

Application submission process was designed with eligibility criteria in mind, ensuring that only qualified candidates can apply for specific posts. For instance, positions reserved for Minority, Disable, or Female Quota can only receive applications from candidates who meet the respective eligibility criteria. Similarly, applications from under- age candidates or those with irrelevant qualifications or experience are automatically disqualified from the submission process.

3. PAYEMENT OF APPLICATION FEE THROUGH DIGITAL BANKING APPLICATION

It is a matter of pride to claim that the credit of introducing online payment mechanism for a post goes to Khyber Pakhtunkhwa Public Service Commission. It started facilitating the candidates on their door step by launching online payment system in 2017. The process was made user friendly for the candidate who could pay by dialing 1186 from his/her cell phone from Easy Paisa or Jazz Cash account.

With the advancement of technology, various new payment modes emerged in the market. The Commission also revised and updated its payment system by introducing **1BILL APPLICATION**. The new process facilitates candidates to make payment from any Banking Apps (i.e., ABL, UBL, MEEZAN, Alfalah, NBP, HBL, BoK, BoP etc.) and Microfinance Apps (i.e., Easy Paisa, Jazz Cash, Upaisa etc.). Another benefit of the new process is, on the spot verification of the transaction during online application submission thus, the process became more convenient and user friendly.

4. QUICK RECOGNITION CODE

The correspondence of the Commission with the requisitioning departments is very sensitive in nature thus, require more cautions and care. It contains candidates' recommendation letters, seniority list, comments for a sub judge case etc. that requires a separate identification and authentication to prevent the ill-will of the fraudsters. A software was developed through which Quick Recognition Code (QR) generated and to be pasted in all types of correspondence. Thus communication between the Commission and other departments became safe, traceable and confidential.

5. REDESIGNED COMMISSION'S OFFICIAL WEBSITE

The Commission redesigned its official website to make it more easy and attractive for public. A reflection of Pakhtun culture and monuments are included in the main page. All advertisements, schedules of test and interview, syllabus, results of test and interview, documents for downloading, published Newsletter and Annual reports etc. are available on the KP PSC website. More features, included in the web portal such as highlights, latest updates and updation of website on daily basis. As and when require by a candidate, he/she may get easy access and trace the required documents/materials in the official website. In order to facilitate the candidates, the Commission

also uploads in its website recommendation, rejection, Call up letter for examination/interview and nomination letters of selected candidates etc.

6. RELIEF GRANTED TO CANDIDATES HAILING FROM DISTRICT KURRAM

Due to the prevailing law and order situation in the tribal district of Kurram, the Commission extended its cooperation to the candidates residing there and the ability tests for the post of Male/ Female Lecturers in English, Male Lecturer in Chemistry and Male Lecturer in Physics were postponed for the candidates hailing from the Kurram only. The Commission is in constant contact with the administration of the district and upon normalcy, the tests for the mentioned posts will be re-scheduled. Result of other candidates were also kept pending as shortlisting for interview is done keeping in view overall merit position and then zone-wise position.

Moreover, candidates belong to Kurram who were summoned for the interview for the post of Female Lecturer in Urdu; however they could not appear physically before the panel due to road blockade. The Commission facilitated them by interviewing them via zoom.

7. COMPILATION OF COMPENDIUM OF LAWS, RULES AND REGULATIONS

Institutions run its businesses as per formulated laws, rules and regulations. Keeping in view its importance, the Commission has compiled a compendium containing updated version of all Laws, Rules and Regulations. The book contained annexure and all amendments notifications from time to time for understanding and smooth functioning of the Commission.

8. COMPILATION OF COMPENDIUM OF KPPSC MINUTES

The Commission holds meetings to resolve issues faced in the smooth functioning of the Commission. The decisions taken in the past meetings were scattered thus difficult to consult when urgently required. Thus the Commission felt the need to converge minutes of into booklet for easy access and reference. A booklet namely Compendium of Commission Meetings since 2019 has been compiled/ consolidated for this purpose.

9. REDESIGN FORMAT OF DEPARTMENTAL PERMISSION CERTIFICATE (DPC)

The Commission realized to update its existing format of Departmental Permission Certificate (DPC) for in-service candidate. To facilitate candidates and also to remove certain flaws which create problems and delay in the scrutiny process of application form of candidates, Departmental Permission Certificate (DPC) needs to be updated. Therefore, a new format of DPC was devised to diminish the chances of repetition of such mistakes in future. Newly designed DPC format was approved by the Full Commission and uploaded on official website.

10. AMENDMENTS IN KPPSC REGULATIONS, 2017

The Commission regularly reviews its regulations and policies in the recruitment and selection process. Opinions and feedbacks are kept for consideration while taking decisions. Some necessary amendments were made into the Regulations 2017, reproduced below:-

A. DECREASING THE NUMBER OF CALLING CANDIDATES FOR INTERVIEW

A Member of the Commission suggested that 4 candidates should be interviewed instead of 5 per post. The Commission constituted a committee to investigate the issue and come up with recommendations. After a research based findings and comparative study of all other public service commissions, the committee presented a comprehensive report for the consideration of the Commission. The suggestion and recommendation of the committee regarding decreasing the number of candidates from 5 to 4 was approved. Consequently, the Regulation-2017 was amended is as under:-

“Ordinarily top four qualified candidates on the merit list **shall** be declared qualified for interview against each merit, zonal and quota post subject to their eligibility in all aspects. All candidates at tail end of the qualified candidates securing equal marks shall also be shortlisted for scrutiny. In case four candidates per post are not available then **the target may be reduced for one time only in order to complete the figure of four qualified candidates per post for interview**. Interview shall be schedule preferably on conclusion of scrutiny/ eligibility process.”

B. AMENDMENTS IN THE REGULATION OF COMPETITIVE EXAMINATION

The Commission amended its regulation to clarify the ambiguity regarding the availing chances of competitive examination. It is clarified that each competitive exam has three availing chances except in the case of PMS and Civil Judges-cum-Judicial Magistrate where a candidate can avail 4 chances collectively.

C. DOMICILE OF MARRIED FEMALE CANDIDATE

The previous Regulation of the KP PSC provides that “a female candidate if married before entry into government service shall acquire the domicile of her husband. If otherwise she will possess her own domicile. However, a female married candidate, if wants to retain her own domicile, shall inform the Commission in writing before test/examination”. Difficulties were faced during the scrutiny process as female candidates who in their online application had opted for their husband’s domicile but subsequently before test/ examination requested for consideration on the basis of their own domicile and vice versa. Therefore, it was required to be amended to prevent the changing of domicile as an easy way to be adjusted against other zone.

D. SUBMISSION OF DOCUMENTS WITHIN 15 DAYS OF INTIMATION

The Commission amended its Regulation by describing timeline on the analogy of Federal Public Service Commission, for documents submission to the Commission. The candidates who pass the ability test or competitive examination and fall within the orbit of short listing for interview, or those candidates who are decided by the Commission to be shortlisted for direct interview or through short listing on academic basis, whatever the case may be, shall be **informed and required** by the **Commission**, through SMS and / or Email address of the candidate registered at the time of submitting online Application Form, and / or Commission’s Official Website to provide all their required documents along with duly signed Documents Submission Proforma to the Commission in a manner that the same reach the Commission’s Office not later than **fifteen (15)** days of the issuance of this intimation. In case of public holiday on the last date fixed for receipt of documents, the next official working day shall be considered as the last date for receipt of these documents at the Commission’s Office. The Application as well as candidacy of a candidate shall stand rejected without any further processing if the required documents are received in the Commission’s Office after the timeline provided in Regulation.

11. AWARENESS MESSAGE FOR THE PUBLIC REGARDING THE FRAUDESTERS

The Commission issued an awareness message to all concerned to be aware of the fraudster exist in the market who in one way or the other try to trap candidates. The message uploaded on KP PSC official website, clarifies that merit and transparency is the core value of the Commission. No subsequent alteration in the result compilation process is possible. The recommendation is strictly on merit and without any fear or favor or monetary consideration. Therefore, every candidate has to be cautious of such swindler in the market and should inform the Commission immediately, if any such demand is made.

12. DISCIPLINARY PROCEEDINGS

The commission took various disciplinary actions against candidates who were found involved in UFM cases. in the year under report, total four (04) candidates were disqualified / debarred / banned from all types of examination and interviews, on account of using unfair means in tests/ examinations by using mobile phones and electronic devices. Keeping in view the nature of UFM, various penalties were imposed upon them ranging from 1 year to 3 years disqualification. Furthermore, the Commission also took disciplinary proceedings against its eleven (11) officers/ officials. Consequent upon the recommendations of the inquiry committee 7 officer/ officials were exonerated, two officials were issued censure, one was awarded penalty of reduction in lower stage and one was penalized by withholding increment while inquiry of one official is pending at the conclusion of the year, 2024.

13. LAUNCHING OF NEW GRIEVANCE REDRESSAL PORTAL OF “EKHTYAR AWAM KA”

The Khyber Pakhtunkhwa Government in its significant step introduced a new system for grievances redressal of the public namely “**Ekhtyar Awam Ka**”. The purpose of the new system is to ensure transparency and good governance in the Province. In compliance with the instruction of the Govt., the Commission nominated Mr. Farhan Ullah, a BS-17 officer as focal person for the portal to oversee and pursue the complaints/grievances resolution process in the Commission. The new system started functioning from 6th December, 2024 and till 31st December, 2024 received 58 complaints/grievances of which all were resolved and no case remained on part of KP PSC.

14. COMPLAINTS RECEIVED AND PROCESSED UNDER PRIME MINISTER PERFORMANCE DELIVERY UNIT (PMDU)

The Govt. of Pakistan has established Prime Minister Performance Delivery Unit in 2013 for resolving complaints and grievances of citizens against government departments. During the year 2023, KP PSC received total 1293 complaints lodged by the candidates in online portal of PMDU. At the end of the year, 1271 complaints/ grievances were addressed one by one and 22 were under process.

15. COMPLAINTS RECEIVED AND PROCESSED UNDER RIGHT TO INFORMATION (RTI)

Similarly, Right to Information (RTI) is a provincially established organization under an act of Provincial Assembly in 2013 which ensures the right of citizens to access relevant information of the government departments related to their grievances and its solution. During the year under report, total 35 applications/ complaints were lodged by the candidates against KP PSC using the forum of RTI. On 31st December, 2024, thirty one (31) complaints were resolved amicably and four (4) complaints were remained pending on the part of KP PSC.

CHAPTER-IV

OUTSTANDING ISSUES

CHAPTER – IV

OUTSTANDING ISSUES

Following are the outstanding issues that obstruct the smooth functioning of the Commission:-

1. Lack of financial autonomy especially powers of re-appropriation, make it difficult for the Commission to smoothly conduct tests and examination. Case with full justification has been forwarded to provincial government on 21.04.2022. The Govt. in its notification dated 2nd December, 2024 constituted the following Ministerial Committee to address the financial issues:-

- | | | |
|-------|--|------------------------|
| I. | Minister for Law, PAs & HRs, Khyber Pakhtunkhwa. | (Chairman) |
| II. | Minister for Finance, Khyber Pakhtunkhwa. | (Member) |
| III. | Minister for E & SE, Khyber Pakhtunkhwa. | (Member) |
| IV. | Minister for Higher Education. | (Member) |
| V. | Secretary, Finance Department. | (Member) |
| VI. | Secretary, Higher Education Department. | (Member) |
| VII. | Chairman, KP PSC | (Member) |
| VIII. | Secretary, Establishment. | (Member-cum-Secretary) |

The Commission pins hopes from Govt. of KP to address financial issues on priority basis.

2. The KP PSC is going through the hectic schedule of exams, tests and interview throughout the year. The low remuneration for the services of paper setter, examiner, advisor and other external and internal supervisory/ invigilating staff remains another soaring point for the Commission. The remuneration rate were fixed in the year of 2017 and since then not revised/ enhanced, hence making it very difficult to attract quality professors for this purpose. The advisors, examiners and supervisory/ invigilating staff constantly complain for the low rates of remuneration, by quoting/ referring to FPSC, other commission and BISEs for awarding high rates of remunerations being paid to the

supervisory/ invigilating staff. The Finance Department has already been requested in this regard on 13.09.2022. The issue was also highlighted in the Annual Report 2023. The above mentioned Ministerial Committee has also been requested to look into this matter and expect that the issue will be resolved on priority basis. Comparative analysis of remuneration of KP PSC with that of PPSC may be consulted at **Appendix-D**.

3. Employees of the KP PSC do not have their own colony and are not provided Government houses. The Govt. on 27th December, 2024 declared the status of KP PSC as Attached Formation of the Establishment and Administration Department by amending the Rules of Business 1985. Hence, the PSC employees are entitled for Govt. accommodation facility. This issue is still pending despite repeated mention in the Annual Report of KP PSC. The Provincial Govt. is requested to address the issue by allotting Provincial Government Residential Accommodations to the Commission employees.

4. All permanent employees of Public Service Commission are getting Public Service Commission Allowance @ 20% of the mean of Basic Pay Scale 2016 since 01.07.2016. With the revision of national pay scale in 2017 and in 2022, all other similar allowances both at federal and provincial level have been enhanced. Take for instance, the allowance for the Secretariat employees has been increased from 50% to 100% but PSC allowance remains the same. The KP PSC has already requested the Finance Department through Administration Department for enhancement of the PSC Allowance from the existing 20% on mean of Basic Pay Scales of 2016 to 50% on mean of 2022 pay scales. In view of the above, special directives may be issued to the Finance Department for enhancement of PSC Allowance from existing 20% on mean of Basic Pay scale of 2016 to 50% on of Basic Pay as a special incentive for Commission employees, keeping in view high inflation rate, price hike, devaluation of rupee and increasing of rental of private accommodation in the open market.

CHAPTER-V

INITIAL RECRUITMENT

CHAPTER – V

INITIAL RECRUITMENT

Recruitment mechanism by the Public Service Commission broadly categorized in two ways; Syllabus based (Competitive Examination) and non-syllabus based exam. The former involves various steps such as Written Exam contains from 5 to 12 descriptive papers vary from case to case, a Psychological Assessment Test where applicable followed by final interview. For such examination syllabus is described in advance and candidates are advised to consult recommended books/materials. Candidates are informed well in time of the exam schedule. The attempted scripts/answer books by the candidates are sent thereafter for evaluation to a well refuted professors/ examiners who have tested record of honesty, integrity, transparency, professionalism and above all maintaining secrecy of the exam process. For such purpose, the Commission maintains a panel of examiners/ paper setters on national level and reviews it periodically. There is strong check and balance in the examination process in the form of evaluation of the work done by examiners/ paper setters. The feedbacks/ complaints/ grievances received from the candidates are thus kept into account in such evaluation. If, there found error and omission or imbalance paper set by examiners, he/she is removed from the panel of advisor.

The Commission endeavors to maintain the same yardstick and ensure greater equity in the evaluation process of scripts/ answer books. All the answer scripts, if possible, are therefore, checked/ evaluated by the same examiners who set the question paper. Candidates after qualifying written exam, where applicable are called for Psychological Assessment Test to be given by the Commission's own psychologist to check their mental soundness for the post. Such candidates are then called for final interview and their final allocations are made on the basis of merit and zonal allocation.

The second category i.e. non syllabus based examination further categorized into two; Direct Interview and Ability Test. If the number of candidates is proportionate, direct interview is conducted after taking eligibility of the candidates into account. However, in case of disproportionate number of candidates, ability test contains of 45 Multiple Choice Questions (MCQs) of prescribed qualification, is held.

To make mistake free and less human involvement in the process, answer scripts/sheets of MCQs papers are checked through Optical Marks Reader (OMR) machine. Thus result is compiled and announced in a fortnight. Top four (4) candidates per post each for merit and zone post are shortlisted for interview. The shortlisted candidates, thereafter, send required documents to the Commission where after conclusion of the scrutiny, interviews are arranged. In the interview panel, at least two Members of the Commission, a subject specialist from university and an advisor from the department concerned are thus constituted for oral evaluation of the candidates' knowledge, communication skill, and knowledge about a post for which he/ she being interviewed. Candidate is required to secure at least 60% marks for qualifying the interview. Overall result of the qualified candidates in the interview is thus uploaded on KPPSC official website with all necessary details. Thus every candidate is informed about his/ her exact merit position with obtained marks in each category. In such case, selection is to be made in aggregate of 100 marks to be further distributed into following categories:-

S#	Category	Marks
1.	Test	45
2.	Academic	20
3.	Distinction for being first in Board/University	4
4.	Higher Qualification	3
5.	Hifz ul Quran	3
6.	Interview	25
TOTAL AGGREGATE OF MARKS		100

During the year under report, the Commission processed requisitions for **1187** posts by disposing off **146357** applications. The Commission interviewed **6120** candidates for various posts and conveyed recommendations of **992** candidates to respective departments for appointment. **195** posts majority in Health department remained leftover mainly due to non-availability of eligible candidates. Details are at **Appendix-B.**

SCREENING/ ABILITY TESTS

The Commission conducted **115** Ability Tests against **761** posts for **86361** candidates during the year under report. In these tests **48204** or **56%** candidates appeared. Details of test, department, applicant etc. are reflected in below table:-

PSYCHOLOGICAL ASSESSMENT TEST

The Psychology Wing of the Khyber Pakhtunkhwa Public Service Commission conducts psychological assessments of candidates who qualify the written portion of the competitive examination i.e. Provincial Management Service (PMS) in Establishment and Administration Department, Civil Judges-cum-Judicial Magistrate/ Alaqa Qazi in Peshawar High Court, Member of Services in Health Department and Assistant Sub Inspector (ASI) in Police Department. A thorough approach is adopted to assess the candidates various personality areas. The Psychology Wing uses various dimensions of personality to check the suitability of a candidate for a particular post and to assess them whether he/she is mentally healthy to carry out the assigned task.

The major areas of personality during psychological assessment are intellectual caliber, emotional stability, socialization and leadership qualities. Various assessment psychological tests and tools are used for this purpose, which give a complete pen picture of the candidates. The assessment process involves complete analysis of the candidates consist following steps:-

In the 1st step, successful candidates in the written part of the competitive examinations are required to take a written psychological test based mainly on objective type questions. The combination of these questions is modified according to the nature of the job. In this assessment, some subjective type questions are also included for which a candidate answers according to his/her own experience and understanding. Moreover, to check the hidden psychological indicators of various aspects of personality and to determine behavior and overall attitude of the candidate, projective written tests are included in the assessment.

In the 2nd step, a group of 8 to 10 candidates are required to take part in open-ended group discussion. They required to discuss two topics one in English and second in Urdu, in a given time frame to assess their verbal fluency, expression of thought, social interaction, self-control, and group management.

In the 3rd step, each candidate has to appear in front of the panel of psychologists for individual interview.

Finally, a complete pen picture of a candidates' personality is formed and an individual report is prepared of each candidate which is considered during final interview.

In the year under report, the Psychology Wing carried out Psychological Assessment test for 217 candidates who qualified the written exam for the post of PMS. In the 1st phase, a written psychological test was held on 28th and 29th November, 2023. In the second phase, group discussion and individual psychological interview took place w.e.f 11th December, 2023 and completed on 17th January, 2024.

Similarly, the Wing also carried out Psychological Assessment Test for 20 candidates, who passed the written exam for the posts of Civil Judges-cum-Judicial Magistrates/ Alaqa Qazi w.e.f 2nd July, 2024 to 5th July, 2024.

CASES FINALIZED THROUGH DIRECT INTERVIEW

The Commission finalized some posts through direct interview. In such cases, the number of candidates was proportionate to the number of posts. In this category, Health department was on the top where number of candidates is less than 5 against per post. Statistic shows that the ratio of unfilled post is high in the case where direct interview is conducted, due to no-availability of eligible/ suitable candidates for the post. In this category, Health department remained on the top where there are fewer candidates. For instance, the post of Anesthesia, Radiology has low competition in the market, thus often remained unfilled. Followings thirteen (13) requisitions in Health Department were finalized through direct viva voce where 19 posts filled while 57 Or 75 % remained unfilled;-

REMARKS/VIEWS/FEEDBACK OF THE EXAMINERS/PAPER CHECKER

S #.	Subject	Remarks of Examiner
1.	English General and English Essay	Majority students had a very poor grasp of basic grammar and they also struggled to construct flawless sentences.
2.	Pashto Essay & General Pashto	The work of the candidates is satisfactory and commendable.
3.	General Knowledge	Some were high quality papers with strong argumentation, clear and knowledgeable but mostly papers lack knowledge, did not know about basic knowledge. A significant portion requires improvement in knowledge, how to attempt papers as given instructions on question paper.
4.	Civil Law-I	General Standard of the legal knowledge of the candidates found well, the basic concepts of the civil litigation procedures were found good. Although, concepts of the civil law being considered difficult, yet its understanding was better than criminal justice system.
5.	Civil Law-II	General Standard of the knowledge of the candidates has been found satisfactory. However, a considerable number, i.e. about twenty five percent candidates were not having proper clear concept. Nevertheless, keeping in view legal education system, it is acceptable parameter.
6.	Criminal Law	General Standard of the legal knowledge of the candidates has been found satisfactory, basic concepts of the criminal law are almost clear, however, a small number were lacking in the foundational legal theories.
7.	Islamic Jurisprudence	Only few candidates were genuine and to the point. Others justified their answers with irrelevant arguments grammatical mistakes and poor handwriting. The overall standard was very low. All the answer books were thoroughly read and marked accordingly.
8.	Qanoon-e-Shahadat & Pleading	Initially found papers which were well attempted with case laws quoted even. However, there was a set of papers which could only manage to secure reasonable marks because of illegible writing, at one hand and the content as well. Few rather very few attempted the question of pleading in Urdu, where it was required to be attempted in English, so had to mark those 'zero'. As per my observation, the articles (relevant ones) quoted were right up to the mark which helped the candidates to secure better marks.

Final interviews for the qualified candidates were taken from 18.07.2024 to 22.07.2024 by a panel chaired by Hon'ble Chairman assisted by two Hon'able Members of the Commission with a Session Judge of the Peshawar High Court as departmental representative. Finally, ten (10) candidates including three female were found suitable to be recommended to the Government for appointment.

The Commission believes judiciary should be equipped with quality human resources with a view to run the judicial affair in a befitting manner. Due to non-availability of qualified candidates, seventy four (74) posts remained unfilled. The leftover posts with 38 fresh making the total 112 posts of Civil Judges-cum-Judicial Magistrate advertised by the Commission via its Advertisement No. 5/2024 for which 2101 applications received.

2. COMPETITIVE EXAMINATION FOR THE POST OF PROVINCIAL PLANNING SERVICE (PPS)

In the year 2024, the Commission conducted another competitive examination against 26 posts of Provincial Planning Service (PPS) (BS-17) in Planning & Development Department Advertisement No. 07/2023 w.e.f. 17th December to 19th December, 2024. Total eligible candidates were **5382** to be easily adjusted in **35** examination halls in Peshawar city. Total **1375** or **26%** candidates appeared in the exam.

Allocation of the above posts into Zones and Special Quota was as follow:-

S#	Quota	Merit	Zone-I	Zone-II	Zone-III	Zone-IV	Zone-V	Zone-VI
1.	General	05	03	03	03	03	02	02
2.	Female	3						
3.	Minority	1						
4.	Disable	1						

Total 7238 candidates applied against these posts. Quota-wise break-up with applicants is given in the following table:-

S#	Quota	No. of Posts	No. of Applicants
1.	General	21	6094
2.	Female	3	955
3.	Minority	1	42
4.	Disable	1	147
TOTAL		26	7238

Regarding syllabus of the PPS, the Commission in consultation with the department defined the following syllabus with maximum and passing marks of each subject and total aggregate:-

S#	Subjects	Maximum Marks	Passing Marks
1.	English (Précis & Composition)	100	40
2.	English Essay	50	20
3.	General Knowledge	150	60
4.	Islamiat / Pakistan Studies (in case of Non-Muslims)	50	20
5.	Economics	100	40
6.	Viva	50	15
TOTAL		500	250

A candidate has to answer the paper in English except the paper of Islamiat/ Pak Study for which both options are available. In the case of No-Muslim, candidate has to attempt the paper of Pakistan Studies instead of Islamiat. No candidate shall be summoned for viva voce test unless he/she has obtained at least forty percent (40%) marks in each individual written paper and fifty percent (50%) in aggregate of written portion of examination. However, passing marks in the interview is 30 %.

Interview for qualified candidates in the written exam of PMS was conducted w.e.f. 01.01.2024 to 20.02.2024. Final result was announced on 21st February, 2024 where 140 candidates declared qualified in interview while 86 or 38 % candidates. In the interview average marks was recorded as 144 out of 300. Highest score in interview was 260 while 27 candidates obtained only passing (120) marks in the final interview. Finally, 85 candidates allocated against merit and zonal post. Ten posts; 8 to Minority and 2 to Disable Quota remained leftover. From the Minority Quota no one qualified the written exam while from disable quota 3 candidates qualified written exam however, failed in final interview. These 10 posts were carried over and will be re-advertised for the same quota.

The final result of PMS was inspiring for female candidates wherein total 31 (36%) candidates allocated. In them 22 female candidates on general and 9 on reserved quota for female were recommended for the prestigious services of provincial bureaucracy. This development turned down the myth of gender weaknesses. In a patriarchal society where female education is a challenge such ever highest female recommendation ratio is indeed, an inspiration in the field. Another positive side of the result is that in the top three position holders, 1st and 3rd secured by female candidates.

STATISTICAL ANALYSIS OF RECOMMENDATIONS MADE DURING THE YEAR 2024

CHAPTER - VII

STATISTICAL ANALYSIS OF RECOMMENDATIONS MADE DURING THE YEAR 2024

DEPARTMENT WISE RECOMMENDATIONS

The Commission recommended 991 candidates to the Government for appointment in various pay scales in 22 different provincial departments. Throughout the year, total 44 panels (4 parallel panels per month till August, and then 3 parallel panels per month till December) of interview took place where 6120 candidates interviewed. Previously total interview panels were 57 in the year where 10697 candidates interviewed. The decline in the figure is due to the decrease in number of Members. No new Member joined the Commission in the year while 3 Members completed their tenure. Eventually, the recruitment figure got dimmed which was in continuous rising after Covid-19.

Like the previous year, this year too, the department of E & SED stood on the top with 469 recommendations. Unlike the previous year, this time HED proved 2nd major client in term of recommendation with 136 recruitments. The 3rd position in recruitment was secured by Home and Tribal Affairs Department with 122 recommendations. Recommendations for each department and their comparative analysis are as under: -

ZONE-WISE RECOMMENDATIONS

The Commission recommended **992** candidates to the Government for appointment from five zones of the Province. The Provincial Government notified on 22 December, 2022, a new zone .i.e. (Zone-VI) which included districts of Battagram, Kohistan Lower, Kohistan Upper, Kolai Palas Kohistan, Torgar, Shangla, Buner, Tank, Backward Area of District Swabi (Gadoon Tehsil), Haripur and Mansehra. However, no recommendations were made from Zone-VI during the year under report. Zone-wise details of recommendations are as under: -

RECOMMENDATIONS AGAINST SPECIAL QUOTA IN 2024

The Commission follows the prescribed formula of 10 %, 5 % and 2 % laid by the Provincial Government for the recommendation of female, minority and disable candidates respectively. The Commission believes that the share of these marginalized segments of the society into government cake will reduce the inequality. The policy of reserved seats followed in letter and spirit by the Commission and in the case of leftover/ unfilled posts, re-advertised for the same quota. The Commission encourages the candidates of special quota to apply for a post by submitting single fee and considers them for general quota in addition to their special quota. A combined merit list is prepared where from the general posts falling to the share of zones is filled. Candidates who do not come in the orbit of selection under zonal posts are then considered in quotas and thus all the posts are filled from a common merit list. The Commission considers the recruitment of Minority Quota as top priority after the august Supreme Court order for early finalization of the same cases. All special quota posts that remain unfilled are advertised later on and are processed on priority basis. Details of recommendations under special quota are as follows: -

S#	Quota	No. of Posts	No. of Recommendations	Remained Unfilled Posts
1.	Female Quota	38	29	9
2.	Minority Quota	74	12	62

CHAPTER-IX

SUGGESTIONS OF THE COMMISSION FOR IMPROVEMENT IN EDUCATIONAL STANDARDS AND SERVICE EFFICIENCY

CHAPTER – IX

SUGGESTIONS OF THE COMMISSION FOR IMPROVEMENT IN EDUCATIONAL STANDARD AND SERVICE EFFICIENCY

The Commission, mandated to make selections for various categories of positions under the Government, is always in a better position to have a firsthand knowledge of the standard of education by means of interviewing young graduate candidates seeking government jobs. Qualifying written test bring the candidate to the table of interview. The interview provides opportunity to the panel members to look into various personality traits of the candidates holistically, particularly their confidence, conviction, composure, communication skills, etc. The foremost test is to check his familiarity with the subject and comprehension of issues. The next stage is their analytical skills which are needed for building logical arguments. Besides above, the presentation skills of the candidate are also assessed. Based on these interactions with candidates, the Commission identifies and highlights the weaknesses of the system which can be properly addressed by policy makers by reforming the educational system.

2. Not much change has been observed this year, compared to previous year, in the performance and behavior of the aspiring candidates for various posts advertised by the Commission. With the exception, of a small segment of genuinely talented individuals, most of the candidates, could not suitably communicate what they have been imparted in educational institutions. They cannot simply and confidently express their ideas when facing the interview panel.

3. Apart from communication issues, the comprehension base of majority candidates is also noticed as weak. Analytical answers are rarely heard from the majority. The “Note-Culture” developed at College and University level dissuades the students from in-depth study of the subject. Student interaction with teachers and attending library for reading are on decline. Candidates rely on substandard notes and guidebooks rather than original books. The problem of limited knowledge hampers the candidate’s actual potential. Passing percentage in the recent PMS Examination wherein only 226 out of 6585 candidates could qualify the written exam is an indicator of

the falling standard of education.

4. Lack of interest in book reading and newspapers has handicapped the students to get in depth and diverse knowledge. Every candidate is expected to always have sufficient quantum of basic knowledge of own religion, culture, country and the major happenings in the surroundings in addition to that of his/ her subject or specialty. Versatile knowledge is lacking in candidates. Most of candidates were found unaware of the major happenings at regional and international levels.

5. Senior graduate candidates do not bother to update themselves with the changes in curriculum of the degrees they have acquired long ago. Even they do not study the course they studied while students. While in service, they not only forget the course studies but also do not acquaint themselves with the rules and regulations of the institution they serve in. Exceptions are always there but those are small in ratio.

6. Just like previous years, misuse of Disability Quota on the part of certain unconscientious candidates has again been observed. Incomprehensive definition of “disability”, absence of well-defined criteria and in-elaborate remarks/recommendations of the certifying authority/medical board seemingly facilitate undue claim for the disability quota. On the basis of insignificant, flimsy or minor nature of impairments, disability certificates are managed. Thus genuinely deserving candidates with major or serious physical disability get deprived of the benefit of this special concession. The policy needs to be meaningfully reviewed for loopholes to be plugged, relevant criteria/mechanism to be well defined and necessary safeguards to be provided against misuse or abuse of the Disability Quota in the interest of genuinely deserving candidates.

SUGGESTIONS

i) The educational institutions are required to work on improving students' communication skill. The students, within the institution, should be groomed to practice how to communicate what they have been imparted and express their ideas and future plans in comprehensible way.

ii) The note and guide culture must be discouraged at all levels. Analytical method should be made the way of study in educational institutions.

- iii) There is a dire need for education reformation in line with modern day trends and standards. It will set the pattern to achieve the goal of high standard of education.
- iv) There is no system of teacher evaluation. Now it is time for the higher education institutions to seriously focus on quality teaching and effective learning to produce knowledgeable students.
- v) Fields need to be identified and set by the state for further progress. Interest and aptitudes of the students should be identified by the teachers at primary level.
- vi) Modern methods of examination and assessment ought to be acquired not only for the educational institutions but also for the institutions like Public Service Commissions.
- vii) Interest, aptitude and capacity do matter while getting or imparting education to students. Highly talented students having capacity and aptitude to get higher and specialized education should be provided the opportunity by the state, while vocational, technical and skill development trainings should be imparted to mediocre students keeping in view market requirements. Technical and vocational training programs should be revisited and be designed according to market needs with emphasis on research and technical expertise instead of theoretical knowledge.
- viii) The Disability Quota policy may be reviewed to be meaningfully improved and fortified. The definition of disability should be made unambiguously clear and elaborate. Formats of the Disability Certificate and Proforma for Medical Board's recommendations be made more elaborate and informative in respect of the nature and details of disability, also specifying whether the disability is permanent or temporary and highlighting suitable fields/professions for such disable individuals/candidates. Detailed guidelines/instructions need to be issued for the facility and guidance of the certifying authority/medical board. Moreover, necessary instructions may be issued to all the administrative departments to work out disabilities which are allowed for specific post(s) and such disabilities may be catered to in the service rules of the relevant posts.

ix) The importance of information technology (IT) cannot be ignored. Students from all educational disciplines had to be fully equipped with I.T skills especially Artificial Intelligence.

x) It has been observed that the performance of the female candidates from Zone-1 is very poor; perhaps, due to non-availability of standard education in that area. It needs a lot of efforts to provide better education in those areas.
